Free Sample For Baby's Ills

Something can and must be done for the puny, crying baby, for the child that refuses to eat and is restless in its sleep. And since the basis of all health is the proper working of the digestive organs, look first to the condition of the stomach and bowels.

A child should have two full and free movements of the bowels a day. This emptying of the bowels is very important, as with it comes a clear head, a lightness of step, good appetite and sound sleep. But it is equally important to know what to give the child in the emergency of constipation and indigestion. Cathartics are too strong and salts and other purgatives are not only too strong, but the child refuses them because of their bad taste. Have you ever tried Dr. Caldwell's Syrup Pepsin? It is a liquid tonic that families have been using for a quarter of a century. It is mild, pleasant-tasting, and promptly effective. It is good for you as well as the child, but there is nothing better to be found for children. They like its taste—you will not have to force them to take it.

First of all, if you have not yet used it, Dr. Caldwell would like to send you a sample bottle free of charge. In this way you can try it before buying. Later, when convinced of its merits, you can get it of your druggist at fifty cents and one dollar a bottle, just as thousands of other families are doing. The family of Mr. D. W. Spangler of Stratonsville, Pa., as well as that of Mr. A. F. Johnson of Walnut Grove, Tenn., started with it in that way and now write that it is their one family necessity next to food itself. If you are unfortunate enough to have a sickly child, one given to constipation and indigestion, you should send for a free sample of this remedy.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. R. Caldwell, R. 507 Caldwell building, Monticello, Ill.

WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its ingredients on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.—take the advice received and be well.

THIRD STREET
DRUG STORE

Tobacco Growers, Attention!

Although the recent cold snap curtailed the receipts somewhat, yet the Farmers' Home disposes of almost 800,000 pounds leaf tobacco for week ending December 11th, 1909. The market showed marked strength, especially on the low grades. The better ones also made improvement. The average for the week shows 10 per pound better than last. The desire on the part of the buyers for tobacco made the sales very active and the bidding spirited. Some prices obtained for the week:

B. T. Hord—10c, 14c, 15c, 16c.	W. M. Sammons—13c, 14c, 15c, 16c, 20c.
A. S. Baxter—10c, 12c, 13c, 14c, 15c.	James Hensley—12c, 14c, 15c, 16c, 17c.
M. S. Higg—10c, 12c, 14c, 15c, 16c.	Owens & Wagget—11c, 13c, 14c, 15c, 17c.
George Garrett—13c, 14c, 15c, 16c.	Sherman Himes—10c, 12c, 14c, 15c, 16c.

Weather permitting, we expect heavy sales the coming week, with active market and prevailing prices of last. Get your tobacco ready and let us get the high prices for you. Yours,

sang for some time in honor of Miss Sutherland.

Sunday, after attending Sunday-school at the Presbyterian Church, the team was met by the High School pupils and invited to visit their building. Chaperoned by Miss Sutherland and several of the Ashland teachers the team went through two of Ashland school buildings.

The team left immediately after dinner for train. They hope to entertain the Ashland team in Maysville soon and to repay in part, at least, the hospitality shown them while in Ashland.

A HELPING HAND.

Is Gladly Extended By a Maysville Citizen.

There are many enthusiastic citizens in Maysville prepared to tell their experience for the public good. Testimony from such a source is the best of evidence, and will prove a "helping hand" to scores of readers. Read the following statement:

Mrs. John E. Burns of Maysville, Ky., says: "I value Doan's Kidney Pills just as highly today as when I gave a statement in their favor some years ago. I was subject to frequent attacks of kidney trouble and at times the pain in my back was so acute that I was confined to my bed for days. The quick and decided relief I obtained from Doan's Kidney Pills, procured at J. J. Wood & Son's Drugstore, was very gratifying, and during the years which have since elapsed, I have had no serious return of kidney trouble. On some occasions, I have felt a slight headache, but a few doses of this valuable remedy have never failed to ward off any serious attack."

For sale by all dealers. Price 50 cents. Foster-McMurray Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

DARK DAYS and LIGHT NIGHTS!

The "melancholy days" may be here, but, thanks to modern illumination, they are more than offset by the joyous nights. Darkness now is only a setting which brings out more strongly by contrast the glories of light. If the day gets too gloomy, we turn a switch or pull a cord and instantly our office, home or store becomes as brilliant as June sunshine.

Is Your House Wired?

Mr. John Givens, of Lexington, is recovering from a severe attack of grip.

Master Robert, the bright little son of Mr. and Mrs. Robert Owens of West Third street, is quite ill.

At Lexington Monday afternoon eighteen Past Grand Masters of the Lodge of Oddfellows received the Past Grand Master's jewel, the ceremonies taking place in the Chapel of the Oddfellows Home. Among the number receiving the jewels were Hon. William H. Cox of this city and Judge M. J. Durham of Lexington. Not only the oldest Past Grand Master in the State, Judge Durham also is the oldest Past Grand Sir in the United States and the event yesterday commemorated the fiftieth anniversary of his services.

ROYAL BLUE

For Laundry Use.

Is a very high grade of bluing and specially prepared with the utmost care. Gives clothes a bright, fresh shade, with a beautiful lustre. It does in no way streak the clothes, as these cheap, inferior grades do. Many of the finest laundries throughout the country use this bluing daily with perfect satisfaction. You will like it. One ten-cent powder, put into a quart of clear fresh water, will make you as much excellent bluing, in liquid form, as you pay 50 cents for, and of a much better quality. You can make half a pint of excellent blue ink by dissolving the powder in half pint of water. Prepared by

The coal fleet is having a strenuous time in reaching the Cincinnati harbor in safety on account of the heavy floating ice. Monday the Condor grounded her tow of 14 barges at Ripley in trying to keep out of the heavy ice flow, and lost one barge, which sank. Yesterday the R. E. Gilham passed here with a big tow and was having a hard time of it, notwithstanding the T. D. Lane was assisting in getting the fleet into port. The Lucy Marmet passed up, pulling a number of empty barges in her wake.

THE FOOTLIGHTS

Maysville Lady to Make Her Appearance at Portsmouth This Week

Portsmouth Blade.

The vaudeville act which was formed by Mrs. Lud Hamilton, wife of the popular theatrical manager, who is now located in Zanesville, and which is composed of Zanesville girls, will be at the Majestic the last three days this week. Manager Lewis received the photographs of this act this morning and Mrs. Hamilton was easily recognized by the scribe, who looked them over.

The act is put on by four girls and not by five, as was the original intention. The fifth girl, who was to round out the act, was a member of Portsmouth's society folk, but when the time came to leave and join the troupe parental objection made it impossible. This young lady will no doubt witness the performance at the Majestic with much interest.

PROSPECTIVE INDUSTRY

New Manufacturing Plant May Be Located in Maysville

Paris Cor. Lexington Herald.

D. S. Henry has returned from Maysville, where he bought 22 acres of land close to the car line and manufacturing district and susceptible of easy approach by a switch for shipping purposes.

Mr. Henry, who purchased the property for a new resident addition to the city of Maysville to be opened out early in the spring of 1910, has been approached, according to rumor, to sell the property for a business and manufacturing site, but when seen Friday for a statement regarding the matter declined to talk. Mr. Henry said, however, that Maysville was a growing and thriving city, and with its excellent shipping facilities both by water and rail had every prospect of great advance in the near future. Mr. Henry was enthusiastic regarding the outlook and will return to Maysville next week to meet some prospective investors from a distance interested in the locating of a large manufacturing plant in that city.

DR. COOK A FAKER.

The University of Copenhagen, the first institution of learning to recognize Dr. Frederick A. Cook as the discoverer of the North Pole, declared solemnly yesterday that the explorer had failed to establish the claim upon which his high honors had been based.

The report of the committee, of which Prof. Stromgren was Chairman, declares that Cook's papers, as presented to the Consistory, are without any value.

The Doctor's disappearance, or, at least, his hiding temporarily, is of a piece with his false North Pole data, and, with all due respect to him, his nervous breakdown may also be only a ruse. Cook apparently heard that Peary had found the Pole and hastened to Copenhagen to claim the honor. He is the arch imposter of history.
